**Sunshine smiles and skies so blue,
Adventures wait in all we do.
Lazy days and starry nights,
Summer brings the sweetest sights.**

Dear Parents

We know Summer Vacations are the time of the year when you get an opportunity to spend leisure time with children. It is the best time to connect with them. To assist you in planning, we have crafted some simple yet creative activities which will help you keep your little ones away from the sun when required and still keep them constructively occupied. They are going through the golden phase of life, when their curious mind is all set to explore and indulge learning in a fun filled way.

So, let's channelize their energy and help them to become more independent, caring, confident and beautiful human beings. May you cherish the memories created during this Summer Holidays throughout your life.

Best Regards

HOLIDAYS HOMEWORK

CLASS-LKG

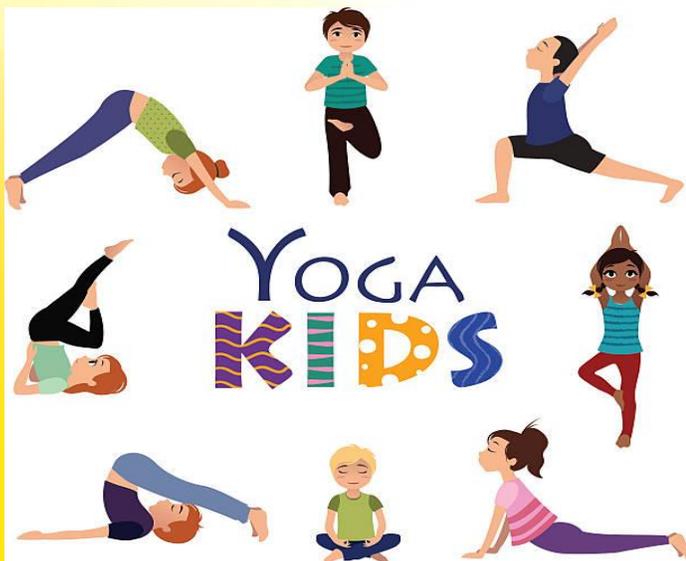

SESSION-2025-26

Each new day is a gift filled with joy, kindness and blessings.

This summer, let's begin every morning with a happy heart and a thankful mind.

Summer heat can make outdoor exercise uncomfortable and potentially dangerous. By waking up early, you can take advantage of the cooler morning hours to enjoy activities like running, walking, or cycling without the intense heat. Waking

up early in the summer to exercise can significantly boost your fitness and overall well-being.

Start your day with yoga and prayer can create a calm and mindful atmosphere, especially when practiced with grandparents. This practice can foster a deeper connection between generations and promote a sense of peace and well-being.

Sharing this experience with your grandparents strengthens family bonds and creates lasting memories **Click And Share Pictures By And Before June 19, 2025.**

Kids like eating with their families. Laughter at the table makes mealtime fun! Sharing stories, passing dishes, and enjoying each other's company helps build strong family bonds. When everyone gathers around, meals become more than just food—they become happy memories."
